Environmental Science Transfer Checklist

Kirkwood Community College

Our transfer checklist is designed to assist students who wish to transfer courses from Kirkwood to Iowa State University and major in Environmental Science. Students need not complete everything on this list prior to transferring, but the courses suggested will fulfill our degree requirements. We recommend discussing our checklist with an advisor in our student services office, as other courses may also apply and could be more appropriate for a particular career.

Environmental Science Major Requirements

The following courses are recommended for students interested in transferring to Environmental Science. These courses satisfy major requirements and often apply to other science majors at Iowa State as well.

Recommended Environmental Science Courses
